

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

October 31, 2008

Permit Number: OCRM-08-931-G
Permit ID: 65007

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Carol T Sullivan & Arthur S Trumpore, Jr. Trust
C/o Beaufort Surveying, Inc.
1613 Paris Avenue, Suite 213
Port Royal, SC 29935

LOCATION: On and adjacent to Morgan River at 169 & 171 Gannett Point Road, Coosaw Island, Beaufort County, South Carolina.
TMS#: R200-011-000-0187-0000
R200-011-000-0042-0000.

WORK: The work, as proposed and shown on the attached drawings, consists of constructing a private dock. Specifically, the structure will have a 4'x260' walkway with handrails leading to a 12'x20' covered fixed pierhead with water and electricity. Off of both the ebb-side and flood-side of the pierhead will be 12'x13' four pile boatlifts. The purpose of the dock is for the applicant's private, recreational and joint use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before November 15, 2008. For further information please contact the project manager for this activity, Georgie Madlinger at 843-846-9400.

A side view diagram of a pierhead structure. The diagram shows a long, narrow structure with a series of vertical supports. Key features include:

- CRITICAL LINE**: A vertical line on the left side of the structure.
- EDGE OF MARSH**: A vertical line on the right side of the structure.
- 4'x260' WALKWAY**: A horizontal line across the top of the structure.
- 12'x20' COVERED PIERHEAD**: A structure at the right end of the walkway.
- ±256'**: A horizontal dimension line indicating the length of the structure.
- ±4'**: A horizontal dimension line indicating the width of the structure.
- ±MHW**: A horizontal dashed line representing the mean high water level.
- 12'x13' LIFT EACH SIDE**: A label pointing to the structure at the right end of the walkway.
